Reserve Engineered Wood Siding

Built on LP SmartSide, Reserve engineered wood siding provides the luxurious appeal of wood with a superior warranty.

Reserve Engineered Wood Siding is backed by LP's industry-leading 5/50 substrate warranty, and is available prefinished in a multitude of solid and two-tone colours.

With a finish that can take on the harsh Canadian weather and an industry-leading substrate warranty, you could say that you're not just building a home, you're building peace of mind.

Available in Lap, Shakes, Panels and Trim, Reserve Engineered Wood Siding is perfect for adding that final touch to any project.

Habitat for Humanity Ride Through the Rockies

Taiga employee Mark Wandy began working for our Kelowna branch on August 6th, 2019. When first hired, he was pleased to learn that Taiga encourages staff to prioritize a healthy lifestyle and to participate in events that improve the communities they are part of.

Mark began cycling three years ago to better his health, improve fitness and fight his family history of diabetes. He has participated in the "Habitat for Humanity Ride Through the Rockies" (hosted by Star Building Products)

the past three years and says he always looks forward to this weekend, along with his wife who volunteers at the event.

The 2019 ride was held in Kananaskis on August 23rd, 24th and 25th, and covered 365km in total. Day one was 91km, day two 172km, and day three was 97km up the Highwood Pass (Canada's highest paved pass). This year's event had 25 participants and raised \$111,600.00, all of which went directly to a Habitat build in Calgary, AB. The evening

before the last ride participants hear directly from a family who previously received a house funded through this initiative and Mark said that recalling this story always makes the last grueling day slightly easier. Mark and his wife have been inspired by this group to help those in need, and pledge to participate in this event as long as they are able to do so.

Huge congrats to Mark and family for their involvement with this event and its incredible success.
