LOW MAINTENANCE WITH EVERLASTING BEAUTY.

WELCOME TO THE WORLD OF TREX

Trex Enhance® Naturals provides homeowners with a high-performance, low-cost composite deck board designed to compete directly with wood.

Differentiating the re-imagined Enhance collection is a scalloped profile that is lighter weight for easier handling and installation. This innovative design also contributes to its lower cost.

Enhance Naturals come in five contemporary, multi-tonal hues that resemble the streaked looks of natural wood. Foggy Wharf, Rocky Harbor, Toasted Sand, Coastal Bluff and Sunset Cove feature the authentic charm and color variations of wood, without the hassles of ongoing maintenance and upkeep.

As with all Trex decking, Enhance boards are made from more than 95 percent recycled material and are backed by Trex's 25-Year Limited General and Fade & Stain warranties.

Unlike wood, Trex decking requires no staining, sanding, sealing or painting, and cleans up easily with just soap and water.

taiga regional highlights

REALLY, REALLY ABOVE & BEYOND

YOU HAVEN'T SEEN OUR WINNIPEG FACILITY QUITE LIKE THIS BEFORE.

We took a little tour from the air around our massive yard. You can see why we pride ourselves in having the products you need when you need them.

Whatever it takes. Right?
