### LP Elements® Performance Fencing

#### Think inside the fence.

We knew we wanted something durable that could last year over year, and something you'd enjoy looking at as well. LP found a way to combine essential ingredients into its LP Elements® engineered wood fence products that give you long-lasting strength and beauty. Boards do not twist, warp or crack like traditional wood alternatives, plus colour tone board to board is beautifully consistent from the get-go. We saw the future of fencing and it certainly looks good.
