Trex Transcend®
LINEAGE™

Trex Transcend® decking and Trex® Fascia are wood thermoplastic composite lumber (WTCL) boards with an integrated shell that covers the boards on the top surface and sides. The integrated shell consists of a proprietary surface formulation that produces a natural, woodgrain pattern finish, mimicking the real thing. An alternative to naturally durable hardwood lumber, Transcend Decking and Fascia are ICC-ES ESR-1109 certified to be a minimum of 95.4% recycled content by weight.

CURATE - bespoke luxury flooring

RED CARPETS ONLY WISH THEY COULD BE ON THIS LEVEL OF LUXURY.

Not all rooms deserve the remarkable distinction of custom. However those that rise above and are destined to be special are bespoke with the style of CURATE from Taiga. After decades of innovation and advancements in technology it was time to multiply our efforts, culminating in a new vinyl product called CURATE. We hope our efforts give you cause to prepare for the compliments you will now surely have to endure.
